Sir,

I have the honor to submit for favorable consideration a memo-

me only fair and in the interests of

Memo

Forwarded to the Commissioner & Dist. for favourable Consideration

Claim as per Memo

22.1.96.

18/1/97

The Revenue Secretary
to
The Government of Mysore
Through the Conservator of Forests
Through the Dy: Commissioner Kolar
Through the District Forest offier
Kolar District

Humbly Sheweth

That the memorialist P.S. Ramayangar Mysorean, late of the Survey of India department, now District Forest Surveyor on duty in Kolar District, most respectfully prays for Reconsideration of his previous 13½ years British Service for counting towards pension.

That the memorialist has been permitted to submit this memorial to the Government by the Deputy Commissioner Shimoga Dt. for Reconsideration of his case.

That the memorialist has 10½ years continuous qualifying pensionable Service in the late Mysore Topo: Survey from 1876 to 1886 and 3 years in British Provinces and only 7 years in the present appointment as District Forest Surveyor in which he is now continuing.

That the memorialist begs to state that the Mysore Civil Service Regulations article No 411 provides transfer of Services if necessary for Political or public Reasons to get competent officers from the Indian Govt: if it is advantageous to the State for public Reasons and not in the interest of the officer Concerned and if the officer has 10 years qualifying Service or if he belongs to Surveyor Forest departments.

That the memorialists' cause for joining this local Service was the Recommendation of the Inspector General of Forests as per his letter No 1156 dated 27th July 1888 to the Chief Secretary of this Government.

That the memorialist being then in British Service, was necessitated to accept the offer of the appointment in this Province, and with the consent of his departmental Superiors, had, to resign the appointment he held in the British Government and to take up the appointment in this Government on the same date of 14th June 1889 under

27°. (a) Mysore Civil Service Regulations which provides that the Resignation of an appointment to take up another appointment in which Service qualifies, is not to be held as a Resignation of the Public Service; and was not aware that his previous Services would be non-recognized, as per Comptroller's expression of opinion to the memorialist's petition to his immediate Superiors.

That the memorialist has rendered his Services to this State for 10½ years in the late Mysore Topographical Survey and in the late Mysore Famine of 1877 and has satisfactorily executed the Shimoga Town Survey for a less bonus of Rs 250 instead of Rs 500 the Govt: Sanctioned amount for that work; and which was in abeyance for a long time for want of a competent hand.

That the memorialist's work, Since joining the Forest Surveyor's appointment, has been favorably reported in Forest administration Reports, as encouraging and much more Satisfactory than other Surveyors' works in other Districts

That the memorialist has a large no of dependants for support; and has no other Source of income but the poor Govt: Salary and as he is now in age, he will not be able to make up, his Services to entitle him to half pension on his retirement, as other Govt: Servants have the privileges for pension; and excluding his previous 13½ years Service would be a dead loss to the memorialist, as he has only 7 years Service in the present appointment.

That the memorialist's Service, being of an arduous and active nature and as exclusion of his previous Services would affect him to very many hardships in earning his pension, most humbly and respectfully prays that the Govt: be graciously pleased to bestow on him, the benefit of his previous 13½ years of Service, as a mark of special favor in his case and support him.

That the memorialist begs to remain as most humble, obedient, dutiful Servant to the Government.

EXTRACT FROM PART II.

Shimoga Municipality.

Dated 20th May 1888.

Read docket No. 137, dated 11th ultimo, from the Executive Engineer, Shimoga Division, stating that Rs. 250 would be a fair remuneration to be paid to one P. S. RAMAYENGAR for surveying and taking levels of the Town of Shimoga. This question has been long before the Board. This work was necessary to enable the Board to deal satisfactorily, with the drainage of the Town. In 1885–86 a provision of Rs. 500 was made for this purpose in the Budget (vide Resolution 5 of the Board Proceedings dated 11th January 1885) and sanctioned by the Dewan, *no competent hand could be had*, and the amount had lapsed in consequence. About June last the President was able to secure the services of a Sub-Surveyor of the Indian Topographical Survey Department who has *done the work satisfactory.*

The Meeting unanimously agreed to the payment of Rs. 250—0—0 to P. S. RAMAYENGAR and pass the contingent charge Rs. 78—2—8 incurred on account of pay of flag bearers, &c. as detailed in the Amildar's Ittila No. 336, dated 11th January 1888.

Mysore Forest Administration Report 1886—87 Survey. The Inspector General had hoped *to secure the services of a trained Forest Surveyor*, so that a person with necessary qualification and experience has yet to be found; systematic arrangements can be made for restocking cleared areas either by helping on natural reproduction or by artificial sowing and planting and by strict fire conservancy. Good maps showing the natural features of the country, blocks, and compartments are very *great aids* to the proper *administration* and *working* of forests and without which, operations are apt to become desultory.

Sir,

With reference to your letter No. 198M dated the 21st Ultimo, I have the honor to forward for your information Copy of Sub-Surveyor Ramiengar's explanation with two official documents, I shall feel obliged by information in detail as to the reasons for cancelling Ramiengar's appointment in the Mysore State. From the Deputy Surveyor General's letter No: 358/R dated the 15th July 1889, it seems that Ramiengar has long been contemplating the resignation of the Imperial Service and that his intention to resign was known to and tacitly approved of by his official superiors.

2. I beg further to be informed whether Ramiengar

Ramiengar was not at liberty 4A resign the Imperial Service whenever he chose or whether he was bound to serve for any term or to give any notice before resigning.

3. In conclusion I may observe that it is not my wish to encourage anything like irregular procedure on the part of a subordinate of one Department who seeks employment in another Department or Service.
